

Using the Sony Virtuoso™ and Soloist® Digital Language Lab Technology from SANS

Advanced Placement and other standardized language tests can be stressful for both students and teachers. We all want students to do their best; to be focused on the content and not on the technology. We asked our customers about their experience in administering the speaking section of the world languages AP exams and digital collection of student recordings using the Virtuoso and Soloist software. See what they had to say:

Things went well. We used the method you had suggested to us and everything was ok. We had practiced a few times and were prepared for the test.

Manager, Language Learning Center
Phillips Academy

The Spanish and French AP exams went very smoothly.

World Language Technology Assistant
Acton-Boxborough Regional High School

We are happy with the Virtuoso software and the feature that addresses control and recording for AP testing.

World Language Department Chair
Homewood-Flossmore High School

Seamless operation for AP tests!

Modern Languages Coordinator
Exeter High School

The best year yet. We had a smooth administration of tests.

Foreign Language Content Specialist
Medfield Public Schools

It was a Kodak Moment. High quality teachers and well functioning language labs together make for a winning combination in helping students be successful on AP testing day.

Instructional Specialist, International Languages
Northside Independent School District

The Spanish AP ran smoothly, from listening to burning the audio tracks. Thank you.

Spanish Instructor
Loomis Chaffee

Smooth as silk – testing went very well for us.

World Languages Department Chair
Anchorage School District

We had great success conducting the AP language exams due in large measure to planning and conducting tests in advance as you suggested.

Modern Languages Coordinator
The Hotchkiss School
